

# HAVE THE POWER!

The first three words of the Constitution of the United States are

DEMOCRACY  
DOESN'T END IN THE  
VOTING BOOTH.  
IT BEGINS WITH US.

"We Have the Power"  
No. 1 by Rae,  
licensed CC BY-NC 4.0

This means that the entire Constitution is based on the power of "We the people."

It's time to **stand up and fight** for our government of the people, by the people, and for the people.

**Get organized.**

**Speak out.** Join with other people to protest.

Call, write to, or meet with your Congressfolks — they represent you! **Know your rights.** Share your knowledge. We're in this fight together.

**THE CONSTITUTION BELONGS TO US.**

Not to judges and lawyers. And certainly not to the president, who is trying to ignore it anyway.
